I plan to provide you a copy of the Excelsior version of the permit with my inserted replies and comments when I finish my review of it. My disagreements and recommendations will be clearly noted in my comments and in the text. Is that the format twthat you want?

I am about half way through it now and should finish my comments sometime tomorrow. Do you want a partial update now or the completed version when I finish my comments?

Hi Jim,

Ok. We need to make progress with Excelsior on Thursday. Can you provide me an update by email regarding what we significantly disagree on? I want to be able to discuss with David Albright and Audrey to plan out/strategize how we want to resolve any significant differences.

Thanks, Nancy

The review of the Excelsior comments is proceeding but I doubt I can complete and provide recommendations on all of the comments plus compile recommended changes to the permit by Thursday this week. I should be able to complete the review and provide recommendations on the Excelsior comments by Thursday. I don't agree with many of the Excelsior changes to the permit language.

What time tomorrow would you want to call to discuss my progress on the review, or do you just want an update of my progress in an email?

Thanks,

Jim

This is fine. You can provide comments (and recommendations of acceptance or rejection) to Excelsior comments in the copy of the permit that they sent. I would like to have all of your changes to the permit compiled to the 8-17-2017 copy of the version that I sent you. I can add their edits that I agree with later.

Thanks, Nancy

Hi Nancy,

I will review Excelsior's suggested changes to the draft permit and provide recommendations for acceptance or rejection as you requested.

A summary of the discussion topics on the conference call with Excelsior yesterday is attached. Feel free to amend it if I missed something of significance.

Thanks,

Jim

**Subject:** Follow up on the Excelsior Draft Permit

Hi Jim,

Based on our existing TDM for Drafting Excelsior's Permit Technical Terms and Conditions, please work on the Draft permit conditions and Excelsior comments to update the terms and conditions where we can or cannot compromise and potential responses to Excelsior's comments. I want to resolve these comments by next week's conference call. I can check in with you on Tuesday, 8/29, and we should have a pre-call to review the issues next Wednesday.

Please include in your schedule participation in the Excelsior conference call 10 am next Thursday, 8/31.

Let me know if you have any questions.

Thanks, Nancy
